

Report from SWE

Appx. 19 IRC certs 2025 for Swedish boats, about 5 of those issued in Sweden by The Swedish Sailing Federation.

No IRC race in the Baltic, Fastnet Race was the bigger target for some Swedish boats.

- Most Swedish races run under bespoke Swedish system, SRS. The Round Gotland, the offshore Nationals and one or two other run under ORC

Appx 1000 SRS certificates issued and appx 50 ORC with about 25 being DH..

Interest in ORC 2025 up a bit since there was both a DH European Championship in the Baltic and a Fully Crewed Worlds in Tallinn.

Interest expressed from the leading club KSSS to hold an IRC high profile event in Sandhamn in the future, possibly some kind of championship. Also welcoming international yachts under IRC are in the plans for the 2026 Round Gotland race to also match with the 2026 Baltic Sea Race..
